To the Citizens of the County of Bristol:

I have the honor to submit the accompanying report of the Receipts and Expenditures of Bristol County for the year ending December 31, 1934.

The report of the County Commissioners follows the Treasurer's report, both being printed in this form to comply with the General Laws of Massachusetts.

Respectfully submitted,
Esther Kingman,
County Treasurer.

Court House, Taunton, Mass.

REPORT OF THE

COUNTY COMMISSIONERS

In accordance with Chapter 35, Section 26 of the General Laws, the County Commissioners of the County of Bristol herewith submit the following as their annual report upon the affairs of the County for the year 1934.

The regular and adjourned meetings of the Commissioners are held at the Superior Court House, Taunton, on Tuesday of each week and the fifth day of each month. The Commissioners, in their capacity as Trustees of the Bristol County Tuberculosis Hospital, meet at the Hospital in Attleboro on the second and fourth Tuesdays of each month, after the regular meeting of the Commissioners.

All of these meetings are public and persons having business with the Board can bring up any matter in which they are interested at any of these meetings.

COUNTY DEBT.

During the past year thirty-four thousand dollars was paid on the County Debt as follows:

Fall River District Court House,	$2,000.00
Fall River and Somerset Bridge,	9,000.00
New Bedford Registry Building,	3,000.00
Fall River Registry Building,	20,000.00

Ten thousand dollars of the amount appropriated for the County Debt was used for maintenance of the Industrial Farm to pay off the note of ten thousand dollars; this being a Temporary Loan for one year.

Five thousand dollars came due on the Hospital Filter Bed, and eight thousand dollars on the Hospital X-Ray Building. As these amounts are re-imbursed by the Cities and Towns no appropriation was necessary.

PERMANENT DEBT

The Permanent Debt of the County on December 31st, 1934 was one hundred sixty thousand dollars.

TEMPORARY LOANS

Twelve thousand dollars was borrowed for the Industrial Farm and will be paid during the coming year.

For the Tuberculosis Hospital, one hundred two thousand dollars was borrowed; this amount, less the balance on hand, will be refunded by the Cities and Towns in the Hospital District during 1935.

One hundred thousand dollars, the loan of 1933, was paid from money received from the Cities and Towns in the year 1934.

A Loan of four hundred sixty-five thousand dollars was made in anticipation of Taxes.

COUNTY TAX

Four hundred sixty-six thousand nine hundred fifty-five dollars raised by direct taxation: some of the appropriations were raised and some were cut. The Tax for 1934 was seventy-nine thousand five hundred forty-five dollars less than in 1933.

The amount expended for maintenance of the Hospital, including payment of notes and interest, amounted to one hundred ten thousand nine hundred eighty dollars, less balance on hand of seventy-five hundred eighty-seven dollars and eleven cents. This leaves one hundred three thousand three hundred ninety-two dollars and eighty-nine cents to be collected from the Cities and Towns.

A detailed Table of the Debt of the County will be found at the end of this report.

ORDER FOR THE TRANSFER OF FUNDS.

As the interests of the County demanded certain expenditures in excess of the appropriation passed by the Legislature, the following Transfers were made from the Reserve Fund. The votes having been passed by the Commissioners and approved by the Director of Accounts:

Care, Fuel, Lights and Supplies in County Buildings,	$3,000.00
Salaries and Expenses District Courts,	1,875.00
Transportation Expenses, County Commissioners,	125.00

HIGHWAYS

Four towns received aid from the County for road building during the past year; the Town and State having appropriated a like amount.

STATE HIGHWAYS.

During 1934, the sum of fifteen thousand six hundred seventy-two dollars and one cent was paid to the Commonwealth of Massachusetts for State Highways, being

One assessment for 1928,	$8,446.80
Two assessments for 1929,	7,225.21

Besides the above amounts, four hundred seventy dollars and sixteen cents was paid for interest on the amount due the Commonwealth.

GENERAL

During the year, no applications relative to state highways were made to the Department of Public Works.

Necessary repairs were made to all county buildings.

The Board inspected such dams in the county as they are required to inspect under the provisions of the General Laws.

PETITIONS.

The following petitions for abatement of taxes filed with the County Commissioners are still pending:

Electric Chain Company	vs. City of Attleboro.	(Ent.	1923)
Durfee Mills	vs. City of Fall River	"	1926

Bristol County Agricultural School

REVIEW OF THE YEAR 1934.

To the Trustees of Bristol County Agricultural School:

Following a procedure long established, I am submitting to you a brief review of the affairs of the Bristol County Agricultural School during the calendar year 1934.

Enrolment of regular day pupils shows a slight advance over any previous year. The quality of personnel in undergraduates was never better, certainly, than during the past year.

Although their earnings have been considerably lessened as compared with "better days", both graduates and undergraduates of the school do keep busy in productive work, even through these difficult times. They earn their living and somewhat more. An ever increasing number become established in their own farming enterprises within the county or beyond.

Finances, etc.

As shown by the monthly financial report, the year was closed with all bills paid. The details of finances are embodied in the County Treasurer's printed annual report, so need not be reviewed herein.

The restoring of building roofs to good condition has been completed during the year. The construction of sidewalk from barns to dormitory has also been completed. Incubator equipment at the school poultry plant has been brought up to date by the purchase and installing of an electric incubator.

Extension Service.

The Extension Service of the school as it concerns adult farmers was considerably interrupted this year by the loss of Mr. Warren L. Ide who had served as County Agricultural Agent for seventeen years. As you know, Mr. Ide has been succeeded by Mr. Charles W. Harris and Mr. Willis T. Pettey.

The demands for the Extension Service continue to increase and the service rendered is correspondingly cumulative over the years. During the year 1934, on this account, about 1500 individual letters were written; 132 circular letters were sent out with a distribution of approximately 17,000. Besides some hundreds of telephone and office calls, 1271 visits for individual service were made; 1048 meetings were attended by the Agents with an at-

tendance of 23,498. The Bristol County Farmers' Bulletin has been issued throughout the year with a total issue of approximately 44,000 copies.

Supplementing the Union Agricultural Meetings and Show of Agricultural products held annually in October, the first Annual Spring Flower Show and meetings on home gardening were held at the School in April, last.

One of the outstanding gains to farmers that links in closely with the Extension Service in this County and beyond is progress in stabilizing the market for poultry products and for milk. A demoralized market is, in the long run, a disadvantage to every group concerned, even to consumers. One step in advance has been made toward orderly marketing of these two lines of products by means of the egg auction at Brockton and by the Massachusetts milk control law and Control Board. These developments tend to prevent unnecessary gluts and wasteful price-cutting.

There has been steady development of the work with junior farm and homemaking groups and the work with adult farmers and homemakers has been similarly cumulative.

While relief and rehabilitation work are not regarded as the primary concern of the Agricultural School, the staff has cooperated fully and wholeheartedly with the various agencies having this work to do.

Needs Ahead.

Many needs at the school could be brought to your attention, perhaps the most outstanding of which is the unavoidable sootiness throughout our main school building from heating by use of soft coal fuel with furnaces and bunkers located as they are within the building. This can, I think, be readily corrected by installing oil heaters, and at relatively small cost.

New floors are needed in the school shop and the attic story of the main school building, in both of which there are at present only rough, open single floors.

Some proposal for changes in the lighting of the main school building, which is at present quite inadequate, will come before you at an early date.

These and other needs have long been postponed because of the difficult times through which we have been struggling since the year 1929.

Respectfully submitted,
G. H. GILBERT, Director.

		$126,163.32
Balance returned to County,		7,587.11
		$133,750.43

ESTHER KINGMAN,
Treasurer.

REPORT OF THE SUPERINTENDENT.

I herewith submit the 16th Annual Report of the Bristol County Tuberculosis Hospital for the year ending December 31, 1934.

On January 1, 1934 there were 61 patients in the hospital. A total of 100 patients were admitted during the year. The whole number of patients treated during the year was 161. The largest daily census was 75 and the smallest 56. The average was 64. The total number of days of hospital treatment was 23,233. Of the 161 patients admitted, 90 were males and 71 females. Eight of these were under 14 years—4 male and 4 female. The total number of discharges was 97. Out of this number 9 left against advice; 2 were transferred; 1 was given leave of absence and 30 died. There were 64 patients in the hospital on December 31, 1934.

WEIGHTS

Eighty-eight patients gained 911 1-2 pounds; 16 lost 71 pounds 16 neither gained nor lost; 41 were bed patients and were not weighed.

CITIES AND TOWNS

Acushnet	1 case	North Attleboro	8 cases
Attleboro	16 cases	Norton	4 "
Dartmouth	3 "	Raynham	3 "
Dighton	7 "	Rehoboth	2 "
Easton	4 "	Seekonk	1 case
Fairhaven	7 "	Somerset	2 cases

Mansfield	5 cases	Taunton	28 "
	Westport	3 cases	

CLASSIFICATION ON ADMISSION

A. Pulmonary Tuberculosis

	Male	Female	Total
Minimal	4	3	7
Moderately Advanced	20	16	36
Far Advanced	26	16	42
Childhood	2	1	3
Suspicious or Observation	5	5	10

B. Others

T. B. Hip	1	0	1
Suspicious T. B. Knee	1	0	1
	59	41	100

CLASSIFICATION OF CASES CARRIED OVER FROM 1933

	Male	Female	Total
Moderately Advanced	8	17	25
Far Advanced	23	11	34
Childhood Type	0	1	1
Unresolved Pneumonia	0	1	1
	31	30	61

There were 30 deaths. Seventeen of these were males and thirteen females.

AGE RANGES

	Male	Female	Total
5 to 19 years	1	0	1
19 to 30 years	3	11	14
30 to 40 years	3	1	4

40 to 50 years	5	0	5
50 to 60 years	2	1	3
60 to 70 years	3	0	3
70 years or over	0	0	0
	17	13	30

The shortest duration of stay in hospital was 5 days, and the longest twelve years and ten months.

Average length of stay about 1 year.

The primary cause of death in the 30 cases was pulmonary tuberculosis. However, 1 case was complicated by marked cardiovascular disease; 1 case by severe diabetes mellitus; 1 case by hypertrophy or prostrate urethral stricture and disease of genito-urinary tract. Twelve cases were in the terminal stage of their disease at time of admission.

OUT-PATIENT DEPARTMENT

There were 464 cases seen in the Out-patient Department and 506 examinations.

81 of the total were follow-up examinations on ex-patients. There were 238 new cases seen and X-rayed and out of this number 17 were found to have childhood type of pulmonary tuberculosis and 32 to have adult type of tuberculosis. 204 cases were referred from Town Boards of Health as follows:

Attleboro	84
Dartmouth	2
Dighton	10
Fairhaven	12
Mansfield	6
North Attleboro	8
Norton	7
Raynham	1
Rehoboth	3
Seekonk	6
Swansea	6
Taunton	58
Westport	1
	204

ADDITIONS, CHANGES, ETC.

Dr. Eldred Peacock of the Harvard Medical School was appointed assistant physician for 1 year to take the place of Dr. Reeve Betts whose term ended May 1st, 1934.

The new reception room and trustees' rooms which were completed in December, 1933, were furnished during the year. The total cost, which included window shades, electric fire and and-iron set, davenports, tables, desks and chairs was $1,466.25.

The summer camp sewerage system which was temporarily installed in 1933 was abandoned in 1934 and the sewerage was connected up with the main hospital sewerage system according to original plans. This called for the laying of several hundred feet of pipe and the installation of a pump to pump the sewerage to the main line. Total cost of the work was $1,108.34 which included the cost of the pump ($736.56). Resetting toilet seats and other minor plumbing jobs at the camp cost $101.28.

A new copper boiler was installed in the boiler room, also a new condensation pump. A new heater was installed at the farm house. All traps of the heating system were checked and a number of old traps replaced by new ones.

Among some of the items of general repairs were the following: New sills under the corridor and main hospital building; cement retaining wall around connecting corridor; repairs to steps leading to administration building; sixty yards of concrete walk; plastering of rooms at residence; new flashings on administration building; roofing repairs at hospital and residence; wainscoting of 3 rooms in the hospital. Some of the floors at the residence were refinished and a number of rooms at the hospital received a coat of paint; also a portion of the outside of the administration building. Floors at the new health camp were treated with Old English Oil.

RECOMMENDATIONS

It has already been recommended that this hospital take over its proportional share of the school T. B. Clinic work which was formerly carried on by the state under the title of the "Chadwick Clinics" and this board of trustees has already acted on the recommendation and voted their approval of same. We expect in the near future to have the necessary set up for carrying out this pro-

gramme. The purchase of a portable X-ray machine and the employment of a full time physician qualified to do this kind of work will be necessary. It may be necessary also to have the assistance of a nurse.

It will be noted from the statistical report that the average daily census during the year was 64 although the hospital has an official rating of 60 and it is obvious that we have at times carried more patients than we have ideal accommodations for. Moreover we have usually had a waiting list of from 2 to 6 and we are quite sure that there are many more cases of pulmonary tuberculosis in the county needing hospitalization who are not now getting it. The need of more beds is very urgent and we hope in the near future this board of trustees will find some means for providing an addition to the hospital preferably in the way of an infirmary for the more advanced and surgical cases.

FARM

There were raised on the farm during the year approximately 75 tons of hay and 75 tons of corn. The milk production averaged 180 quarts a day and egg production approximately 60 dozen eggs a week. Estimated value of stock and feed on hand January 1, 1935, was $4,966.00.

ICE—75 tons of ice were cut from the pond and stored in the ice house.

COST

The gross cost of operating the hospital including maintenance, new construction, and farm expenses was $126,163.32. The cost of completing the new Health Camp, and cost of furniture for new addition came to $4,959.58. This subtracted from the total cost leaves a maintenance cost of $121,203.74. There were 26,233 days of treatment. This divided by $121,203.74 gives a daily per capita cost of $4.62.

HEALTH CAMP

The summer camp was open for two months. Fifty children attended one month and another 50 for the second month, making

a total of 100 children in attendance. The children made an average gain of 18 pounds each. All these children were selected for the camp because of their predisposition to tuberculosis—either because they were contacts or were reactors. From the great gain in weight which was made they were all obviously undernourished. While at camp the children were properly supervised both in regard to their routine work, rest and play and also medically and were given proper instruction in health matters. They will be followed throughout the year and note made from time to time of their progress or otherwise.

ACKNOWLEDGMENTS

In closing this report we wish to express our thanks to the many organizations which voluntarily provided entertainment for the patients during the year. The E. R. A. —band under Mr. Weygand of Taunton provided a band concert weekly during the summer and fall season which was greatly enjoyed. We also extend our thanks to all those who brought flowers, fruit, books and clothing for the patients, and to the clergy who have attended to the spiritual needs of the patients.

Again I wish to express my thanks and appreciation to the heads of departments and all employees for their loyal service. I am grateful to the trustees for their counsel and advice and for the interest they have taken in the hospital and the welfare of the patients.

GARNET P. SMITH, M. D.,
General Superintendent and Res. Physician.
